The Ritz-Carlton– System Technician

2022 August – Today

Full-time – IT Hospitality

Vienna, Austria

- Collaborate with other departments and external companies.
- As fast as possible I learned the Marriott Global Security protocols and standards.
- With administrative privilege and being part of the emergency response team, I keep the company's confidential information.

Kincse Anda – Floristry

2022 April – 2022 September

Freelance – Website Development

Remote

- Designed a website interface in Adobe XD, collaborating closely with the client.
- Built the entire webpage from scratch, utilising PHP with MySQL, HTML, CSS, Sass, Bootstrap, jQuery, Ajax, and JavaScript. Developed custom features such as forms and animations.
- Maintained attention to detail, ensuring the website was visually appealing.
- Conducted testing and troubleshooting to ensure the website was fully functional and compatible.

Canon – Promoter

2021 December – 2022 April

Part-time – Sales & Marketing

Szombathely, Hungary

- Promoted Canon products in the local Media Markt store for 5 months, working 16 hours a week.
- Persuaded customers to choose Canon printers or cameras over other brands, utilising excellent communication and sales skills.
- Successfully increased the sales of Canon products during the period of the promotion.

- *Fostered strong relationships with customers, utilising exceptional customer service skills to address questions and concerns.*
- *Collaborated effectively with the Media Markt team, ensuring a cohesive and seamless customer experience.*

Könyvtári Szoftver – Thesis

2021 October – 2022 April

School Project – Website Development

Csepreg, Hungary

- *Designed and built a library website as part of a thesis project for a Software Developer Certificate program, utilising HTML, CSS, Sass, Bootstrap, JavaScript, jQuery, Ajax, PHP, and MySQL.*
- *Worked independently to create the website from scratch, ensuring the code was clean and adhered to best practices.*
- *Created detailed documentation for the software, including Developer and User Guides, to provide clear information for users and future developers.*
- *Utilised Adobe XD to create a plan for the project, ensuring a cohesive and well-organised final product.*
- *Achieved a grade of 5 on the final test and earned a Software Developer Certificate, demonstrating proficiency in software development and programming.*

Szurmik Marcell – Freelancer Video Editor

2021 August – 2022 April

Freelance – Website Development

Remote

- *Collaborated with a freelance video editor to design and develop a one-page website that accurately represented his brand and style.*
- *Utilised Adobe XD to create a design that reflected the client's desired aesthetic.*
- *Implemented the design using HTML, CSS, Sass, Bootstrap, and JavaScript, resulting in a user-friendly interface. Which led to new clients and increased visibility in his industry.*
- *Provided ongoing support for the website, ensuring it remains up-to-date and relevant to the client's needs.*

Sorokmenti Mezőgazdasági Szövetkezet

2019 July – 2022 May

Freelance – Website Development

Remote

- *Created a website for a local agricultural company, utilising Adobe XD to design a modern and sleek minimalist interface.*
- *Worked closely with the company leader to understand their vision and ensure it was realised through the website design.*
- *Successfully delivered the project in just one week, showcasing exceptional project management skills.*
- *Improved the company's visibility by enabling delivery companies to easily locate their facilities via the website.*

Skills:

*HTML, CSS, SASS, Bootstrap, Tailwind, React, JavaScript, jQuery, Nodejs, PHP, Java, .Net C#
Photoshop, Lightroom, Adobe XD, Figma, Sony Vegas, Passion in Photography*
